

CFGPI TEMPLATE OF **OFFICIAL SIGNAGE** FOR ALL LOCAL CHURCHES

DIMENSION FOR BIGGER CHURCH: LOGO SIZE - 1X1 METER — BOARD SIZE - 1X4 METERS

DIMENSION FOR SMALLER CHURCH: LOGO SIZE - 0.75X0.75 METER — BOARD SIZE - 0.75X3 METERS

Note: *The word GOSPEL is actually embedded and implied by our use of the term FOURSQUARE and does not need to be spelled out if we are to achieve our objectives for a uniform, visible and readable signage.*

If the word GOSPEL is inserted in between FOURSQUARE CHURCH, then the length of board will have to be adjusted to 4.5 meters, making it more longer and disproportionate, thereby, defeat the purpose. Also, having a non-uniform signage have become an issue and concern for legalities in securing and issuing of official records and documents. So, it is highly recommended that our template be complied and observed.
